

## Diagnostic Imaging Accreditation

### Assessor Position

---

The College of Physicians & Surgeons is recruiting Medical Imaging Technologists or Sonographers to participate in diagnostic imaging accreditation assessments as an Assessor (contract basis). Successful applicants will serve as key team members in ensuring compliance with College assessment standards and processes. Contract positions will require travel to urban and rural facilities across the province.

Qualifications include:

- Full and current registration with the ACMDTT and/or Sonography Canada
- More than 5 years of experience in the imaging field, specializing in multi-modalities or focused one modality
  - Radiography/Fluoroscopy
  - Computed Tomography
  - Magnetic Resonance Imaging
  - Nuclear Medicine / PET
  - Ultrasound
  - Mammography
  - Bone Densitometry
  - Echocardiography
  - PACS/RIS
- Senior or Lead Technologist experience in a healthcare setting
- Experience with Quality Management Systems
- Knowledge and understanding of imaging standards
- Strong verbal and written communication skills, and
- Strong organizational, observational and time management skills
- Detail, process oriented
- Team player

Duties include:

- Conducting on-site assessments of imaging facilities
- Verify compliance with the intent of the Accreditation Standards using modality specific expert opinion/judgment
- Record assessment observations and objective evidence, reporting to the Assessment Coordinator
- Act as the liaison between the facility and the Assessment Coordinator

The time commitment for this position is estimated to be 1-6 weeks per year, based on your availability and the CPSA assessment workload cycle. Remuneration is competitive.

This position offers independent-minded, quality-focused professionals an exciting opportunity in healthcare regulation. Provincial geographical and regional representation will be a consideration in the selection of the successful candidates.
