Mission Statement

The Alberta College of Medical Diagnostic and Therapeutic Technologists exists so that the public is assured of receiving safe, competent and ethical diagnostic and therapeutic care by regulated and continually advancing professions.

Application for Registration – Internationally Educated Applicant Guide

The College regulates five distinct professional groups called specialties. The five specialties are grouped under two umbrella groups: Medical Radiation Technologists and Electroneurophysiology Technologists.

Medical Radiation Technologists consist of four specialties. To find out more about each specialty of Medical Radiation Technologists, click below:

- [Radiological Technology](#)
- [Radiation Therapy](#)
- [Nuclear Medicine Technology](#)
- [Magnetic Resonance Technology](#)

Electroneurophysiology Technologists consist of one specialty.

- [Electroneurophysiology Technology](#)

The *Health Professions Act* (HPA) requires that all persons who are practicing radiological technology, nuclear medicine technology, magnetic resonance technology, radiation therapy and electroneurophysiology technology in Alberta must hold a valid and current registration with the College. The practice involves not only the clinical and technical aspects of the profession; it also includes, but is not limited to, functions of education, management, research, and administration.

Part 1 – General Demographic Information

Section 1: Applicant Information

The personal information required on this form is used for the purposes of determining eligibility for a practice permit with the College, and for carrying out the College's regulatory activities under the HPA. Information you provide is protected as per the College's Privacy Policy available on the College website at acmdtt.com.

Please provide your email address. By choosing 'yes' to email consent, you are providing consent to receive electronic messages regarding member services such as Branch activities for professional development, the annual conference, the College newsletter and awards. Electronic messages to communicate regulatory-related matters that fall under the HPA will continue to be sent to all members electronically regardless of their consent decision regarding membership services.

Legal name vs. Practice name

You must provide your legal first and last name as registered with national, provincial and/or local government. Practice name is the name under which you would be identified by employer, colleagues and/or patients.

Gender

By introducing an 'X' gender designation in our application, we are taking an important step towards advancing equality for all Canadians regardless of gender identity or expression.

Section 2: Specialty(ies)

Indicate for which specialty(ies) you are registering.

Mission Statement

The Alberta College of Medical Diagnostic and Therapeutic Technologists exists so that the public is assured of receiving safe, competent and ethical diagnostic and therapeutic care by regulated and continually advancing professions.

Employment Information Outside of the Country

You must record your employment information as indicated. Record your supervisor's contact information as they may be contacted with respect to any changes to your practice permit. If you have more than one employer, add a separate page with this information.

Please remember to update your record with the College of any change in name, home or employment information as soon as reasonably possible.

Section 3: Educational Information

Regulations require that you provide information about your educational program(s) and certification in your specialty(ies).

Section 4: Employment History

Please provide your employment information if you have worked in the five years preceding this application in the specialty in which you are applying. If you graduated within the last two years and have never practiced the profession after completing your education in the profession, leave this section blank.

Part 2 – Currency of Practice

Section 5 and 6: Applicant Information and Practice Hours

The applicant or the employer may send Part 2 of the application along or separately from the Part 1 and 4 of the application. If you graduated within the last two years and have never practiced the profession after completing your education in the profession, leave this section blank.

- a. Applicants applying for one specialty in the general register must have completed at least 800 working hours of practice in the appropriate area of practice within the five years immediately preceding the date the Registrar receives a complete application.
- b. Applicants applying for registration in more than one specialty in the general register must meet the criteria specified in (a) above in their primary area of practice and have completed at least 160 working hours in their secondary area of practice within the five years immediately preceding the date the Registrar receives a complete application.

Part 3 – Registration Committee's Requirements

For applicants who have received a written interim decision from the Registration Committee, and completed all requirements, (if any)

Section 7: Contact Information

Complete this section if your contact information has changed since you received a written interim decision from the Registration Committee on your application.

Section 8: Registration Committee's Requirements (if applicable)**a) Entry-to-practice examination**

Provide evidence of passing your entry-to-practice examination. For information, please visit the [College website](#).

b) Any other requirements

Provide evidence of meeting other requirements expected to be completed by the Registration Committee (i.e., specific courses).

Mission Statement

The Alberta College of Medical Diagnostic and Therapeutic Technologists exists so that the public is assured of receiving safe, competent and ethical diagnostic and therapeutic care by regulated and continually advancing professions.

Section 9: Employment Information within Alberta

Please provide your employment information if you have secured employment in Alberta. Applicants without employment, should leave this section blank; and once employment has been secured, please notify the College.

Section 10: Registration Fees

The College registration fee from January 1 to December 31 is \$450. This fee is prorated to \$225 effective July 1 each year.

Section 11: Professional Liability Insurance

Professional liability insurance (PLI) provides protection against claims made alleging liability resulting from the rendering or failure to render professional services. College Regulations stipulate that all practitioners are required to have PLI in the minimum amount of \$1,000,000 per occurrence. Your signature confirms that you hold this required PLI.

MRTs and ENPs can meet their PLI requirement through employment at Alberta Health Services (AHS), through employment at an independent facility, or through CAMRT or any third party. MRTs are encouraged to seek personal PLI through various other sources. Information on these resources may be found on the [College website](#).

You are encouraged to email or call the College with any questions or concerns regarding your PLI prior to completing this declaration.

Section 12: Conduct Declaration

You are required to answer all the questions in this section.

All applicants for registration with the College must submit a Criminal Record Check (CRC) with their application. The criminal record check may be from your home country or from Alberta and it must be an original copy or notarized copy current within six months of submitting Part 3 of the application for Registration - Internationally Educated Applicants. For more information, please visit the [College website](#).

Section 13: Declaration of Compliance

You must sign and date the declaration section of the form in order to complete your application for registration. Your signature means that you have read and agree to all statements in this section.

After Part 3 of your application is submitted to the College

The College will email you the website and login information needed to access the Regulation Education Module (RE). The College will send you an email to confirm your registration and instructions on accessing your general practice permit through the College website.

Regulation Education Module (REM)

The Regulation Education Module is an online tool designed to provide applicants with the necessary information to understand the practice expectations in Alberta. Upon receiving Part 3 of your application, the College will provide the access information for REM. Applicants must submit the certificate of completion to the College upon its completion.

Part 4 – Payment of Application and Declaration

Section 14: Applicant Declaration

You must sign and date the applicant declaration section of the form. Your signature means that you have read and agree to all statements in this section.

Mission Statement

The Alberta College of Medical Diagnostic and Therapeutic Technologists exists so that the public is assured of receiving safe, competent and ethical diagnostic and therapeutic care by regulated and continually advancing professions.

Section 15: Application and Assessment Fees

You must submit an application fee of \$100 and an assessment fee of \$300 before your application for registration can be considered complete and ready for assessment by the Registration Committee.

Section 16: Declaration of Compliance

You must sign and date the declaration section of the form in order to complete your application for registration. Your signature means that you have read and agree to all statements in this section.

Timeline

Once the College receives all your required and supporting documentation, your file will be assessed by the Registration Committee upon the next registration meeting, which is conducted quarterly. For more information on the timeline for registration, please visit the [College website](#).

General Information

Entry-to-practice examination

Applicants may be required to submit a successful completion of the entry-to-practice examination in the area of practice (e.g., The Canadian Association of Medical Radiation Technologists (CAMRT) exam in the specialty specific to the MRT applicants, L'Ordre des technologues en imagerie médicale, en radio-oncologie et en électrophysiologie médicale du Québec (OTIMROEPMQ) for entry-to-practice certification examinations for radiodiagnostics, nuclear medicine and radiation therapy or Canadian Board of Registration of Electroencephalograph Technologists (CBRET) for ENP applicants).

Additional and Enhanced Practice Authorizations

Applicants seeking additional or enhanced practice authorization(s) are required to complete advanced training approved by Council. When the additional or enhanced practice authorizations has been granted by the College, the College will indicate a 'condition of practice' on your practice permits. Members granted additional and/or enhanced practice authorizations will be required to verify maintenance of competence upon renewal each year through an employer/supervisor validated process. Detailed information including application forms is available on the [College website](#).
