

**Mission**

Public confidence in receiving safe, competent, and ethical diagnostic and therapeutic care from regulated professionals.

## Discipline Roster Application

The College is looking for registrants to participate as decision-makers on a Hearing Tribunal or Complaint Review Committee.

This critical role ensures public safety by having professional peers review complaints of unprofessional conduct, make determinations on guilt, and prescribe penalties. The College provides administrative justice training, legal support and expenses.

We are looking for individuals who:

- Understand the mission and mandate of the College
- Can examine facts without bias
- Abide by strong ethical values
- Adhere to confidentiality
- Portray a high degree of professionalism
- Show fairness and empathy
- Take the public's concerns seriously
- Can look at the whole picture and all the impacts of the decision
- Are committed to the concept of administrative justice

Due to the small number of complaints received, your time commitment could be minimal. Typically, the required time is one day in an in-person or virtual hearing/review with additional committee time to create and debrief the decision.

Registrants will be appointed for a three-year term from July 1, 2024 to June 30, 2027.

## Application Questions

To help you prepare, this information will be required in your application:

**Biography**

Why are you interested in becoming a discipline roster member? What unique attributes or skills would you bring to the position?

**Educational Background Highlights**

Chronological list of diploma/degree/certificate, educational institution name and year awarded.

**Employment Summary**

Chronological list of job title, employer name, employment dates.

**Volunteer and Community Involvement in chronological order**

E.g. Work/professional role-based, boards, association committees, organizing community events, fundraising/charities.
