Applicant's signature _____ **Date (DD/MM/YYYY)** _____

The College reserves the right to request character references and to contact employers.

After you have provided a completed application to the College:

- The College will email you the website and login information to access the online Regulations Education Module (REM).
- The REM contains a quiz and when you pass it, College staff automatically receives evidence of this successful completion and will match it to your application. Your application will be processed as soon as possible after this stage.
- You will receive an email from the College providing your registration to practice and instructions on accessing your full practice permit through the College website. *It is unlawful to practice the profession in Alberta without a valid practice permit issued by the College.*

Please remember to plan at least three to four business days from the time you provide your completed application to the time you are issued a full practice permit.

General Registration Guide

The *Health Professions Act* (HPA) requires that all persons who are practicing radiological technology, nuclear medicine technology, magnetic resonance technology, radiation therapy and electroneurophysiology technology in Alberta must hold a valid and current registration with the College. Practice involves not only the clinical and technical aspects of the profession; it also includes, but is not limited to, functions of education, management, research and administration.

Section 1: Applicant Information

The personal information required on this form is used to determine eligibility for a practice permit with the College and for carrying out the College's regulatory activities under the HPA. Information you provide is protected as per the College's Privacy Policy, which is available on the College website at acmdtt.com/privacy-policy.

Legal name vs. Practice name

You must provide your legal first and last name as registered with national, provincial and/or local government. The practice name is the name under which you would be identified by employer, colleagues and/or patients.

Gender

By introducing an "X" gender designation in our application, we are taking an important step towards advancing equality for all Canadians regardless of gender identity or expression.

Email

Please provide your email address. By choosing "Yes" to receiving member services information, you are providing consent to receive electronic messages regarding member services such as branch activities for professional development, the annual conference and the College newsletter. Electronic messages to communicate related regulatory matters that fall under the HPA will continue to be sent to all members electronically regardless of their consent decision regarding membership services.

Please remember to update your record with the College of any change in name, home or employment information within 10 business days of the change.

Section 2: Specialty

Indicate for which specialty(ies) you are registering.

Section 3: Employment Information

You must record your employment information as indicated. Record your supervisor's contact information as they may be contacted with respect to any changes to your practice permit. If you have more than two employers, add a separate page with this information.

Please remember that once you have submitted your completed application, it may take up to four business days for the College staff to process your application and issue a practice permit. You cannot begin work until the College provides you confirmation of your registration to practice in Alberta. Please plan your employment start dates accordingly.

Section 4: Educational Information

Regulations require that you provide information about your educational program(s) and certification in your specialty(ies). You must indicate whether your educational program was a diploma or degree.

New MRT applicants and new graduates: Medical radiation technologists (MRTs) must provide evidence of successful completion of the Canadian Association of Medical Radiation Technologists (CAMRT) exam(s) in your specialty(ies).

New ENP applicants and new graduates: Electroneurophysiology technologists (ENPs) must provide evidence of successful completion of the Canadian Board of Registration of Electroneurophysiology Technologists (CBRET) exam in your specialty.

Section 5: Registration Requirements and Declaration of Conduct

You are required to answer all questions in this section.

All applicants for registration with the College must submit a criminal record check with their application. Former members of the College who have resigned and are seeking reinstatement are also required to provide a criminal record check. See [Appendix 1](#) for more information on criminal record checks.

Section 6: Practice History as a Technologist

Regulations require that technologists must have practiced 800 hours in the previous five years for their primary specialty and, if applicable, 160 hours in the previous five years for their secondary specialty at the time of registration. Provide a completed Currency of Practice Hours form for each specialty; this form is available on the College website at acmdtt.com/currency-of-practice-hours. This form must be signed by your employer or supervisor. If a member seeks an exception to providing the currency of practice hours form, please provide a documented request for the Registrar's consideration.

New graduates: Section 6 is applicable to you only if you graduated more than two years ago.

Section 7: Fees

The application fee of \$100 is charged for initial applications. The College registration fee from January 1 to December 31 is \$450. This fee is prorated to \$225 effective July 1 each year.

New graduates: If you held a student membership with the College within two years from the date of application, you are exempt from paying the \$100 application fee. An Alberta graduate who has worked in another province is no longer eligible for the application fee exemption upon returning to Alberta.

Section 8: Professional Liability Insurance

Professional liability insurance (PLI) protects against claims made alleging liability resulting from the rendering or failure to render professional services. College regulations stipulate that all practitioners are required to have professional liability coverage in the minimum amount of \$2,000,000 per occurrence. Your signature confirms that you hold this required PLI.

MRTs and ENPs can meet their PLI requirement through employment at Alberta Health Services (AHS) or through employment at an independent facility if it provides this coverage. MRTs are encouraged to seek personal PLI through various sources. Information on these sources may be found on our [website](#).

You are encouraged to email or call the College with any questions or concerns regarding your PLI before completing this declaration as your signature in this section means that you comply with PLI requirements at the time you sign the form.

Section 9: Declaration of Compliance

You must check each box for which you declare that you are compliant. You must sign and date the declaration section of the form in order to complete your application for registration. Your signature means that you have read and agree to all statements in this section.

Regulation, Code of Ethics and Standards of Practice

The primary purpose of the HPA is the protection of the public and this is upheld through requirements and procedures established by professional regulatory bodies, such as this College. The *Medical Diagnostic and Therapeutic Technologists Profession Regulation* (the Regulation), Code of Ethics and Standards of Practice are the major documents that govern the practice of the members regulated by the College.

The Regulation Education Module (REM) is an online tool designed to provide current and future members with the information they need to know and understand to practice in Alberta. Upon receiving a completed application, the College will email the applicant the website and login information needed to access the REM. The REM contains a quiz and when you pass it, College staff automatically receives evidence of this successful completion and will match it to your application. Your application will be processed as soon as possible after this.

After your completed application is submitted to the College

- The College will email you the website and login information needed to access the REM.
- The College will send you an email to confirm your registration and instructions on accessing your full practice permit through the College website.

Please remember to plan at least three business days from the time you provide your completed application to the time you are issued a full practice permit.

General Information

Additional and/or Enhanced Practice Authorizations

Members seeking additional and/or enhanced practice authorization(s) are required to complete advanced training approved by Council. When all requirements have been satisfied, the College will indicate a 'condition of practice' on their practice permits. Members granted additional and/or enhanced practice authorizations will be required to verify maintenance of competence upon registration renewal each year through a supervisor validated process. Detailed information including application forms is available on the College website acmdtt.com/authorization.

Checklist of documents to be included with your General Registration Application

After your application is submitted to the College

- The College will attempt to process your application for registration within three business days of receiving the completed application form and all required documentation.
- The College will send you an email to confirm your registration and instructions on accessing your new permit through the College website. *It is unlawful to practice the profession in Alberta without a valid practice permit issued by the College.*

Appendix 1

Requirements for a criminal record check

All applicants are required to submit a criminal record check conducted no more than six months before applying to the College. **As of July 31, 2020, the College requires that all applicants residing in Canada complete their criminal record checks through myBackCheck, an online service provided by Sterling Backcheck.**

MyBackCheck is a quick and easy-to-use service that provides applicants with a more cost-effective way of obtaining criminal record checks.

The fee for this service is \$29, paid directly to Sterling Backcheck through their secure online payment gateway. The College receives the results directly from Sterling Backcheck, generally within 4 to 24 hours of the request, allowing for a more efficient and streamlined application process. Applicants may also choose to forward their myBackCheck result to another agency or employer that is registered with Sterling Backcheck at no additional cost.

Applicants should follow the instructions at acmdtt.com/backcheck to complete their criminal record checks. **Applicants must initiate this process through the College's [landing page](#) in order for the College to receive the results directly and to receive the discounted rate of \$29.** All myBackCheck results are considered valid for six months from the date of issue.

Please note that applicants residing outside of Canada cannot apply using myBackCheck; see acmdtt.com/crc for details on how to obtain a criminal record check if you currently live in another country.
