

## USING THE COLLEGE'S PUBLIC REGISTER

Under section 33 of the *Health Professions Act* (HPA), the Alberta College of Medical Diagnostic and Therapeutic Technologists (the College) must keep a public register of all registrants and former non-regulated members.

The HPA and the College's bylaws set out what information must appear on the public register. This includes a registrant's legal name, practice name, registration number, join date, registration type and status, conduct history, effective and expiry dates, specialty, any restrictions or conditions, and any advanced or enhanced practice authorizations.

### SEARCHING THE PUBLIC REGISTER

The public register is available on the College's website at [acmdtt.com](http://acmdtt.com). Select "Search Public Register" at the top of the page.

You can search for medical radiation technologists (MRTs) and electroneurophysiology technologists (ENPs) by first name, last name, and/or registration number.

### UNDERSTANDING SEARCH RESULTS

Legal Full Name	The registrant's legal first and last name.
